Literacy Council of Montgomery County (LCMC) sustains and grows the social and economic equity of adults in our region through education and workforce training. LCMC is a private, 501(c)(3) organization founded by Beth Kilgore in 1963. Originally founded solely as a volunteer-led tutoring program for native English speakers learning to read and write as adults, but as our community grew and expanded, so did the need to diversify our services. From that came the programs that offer instruction English-as-a-Second-Language (ESL), GED exam preparation, workforce readiness, computer skills, and more that we provide today. Our mission is to advance social and economic equity for under-served adults through academic instruction and workforce development.
